Dear Mr. Walters,

The following is a brief overview of the happenings in my personal life the past two and a half years.

November 15, 2001, I was hospitalized with a heart attack while in Dallas Texas. The only option to correct my health problem was quadruple by-pass surgery. After much thought of recovery time, and procedure, I opted (11-20-01) to be transferred to Medford Oregon, my home, for the surgery and recovery. The surgery was performed on November 24, 2001 by Dr. Roger Hall and his team.

The physical and mental recovery from this trauma took me most of 2002, due to the fact that my consulting business was in limbo, and all the expenses of the surgery and recovery were not covered by medical insurance. In February 2003, I started a consulting job in Dallas Texas but due to all the travel required, I had to end that in early April.

Late afternoon, June 15, 2003, Father's Day, I tripped while walking in our back yard with a rake in my hand. I fell forward and the handle punched out my right eye requiring extensive emergency surgery that night, and another surgery the next afternoon, in order to save the eye itself. From surgery to present, I have been recovering from this accident. I am thankful for the grace of God and the surgeon, Dr. Jeffrey Rinkoff, that I am hopeful of regaining some limited sight in the eye.

Jim, as you can see, my life has had much unexpected interruption, but now I am confident to move forward both physically and mentally with my life and business, and would hope the Patent Office would view my circumstances as unavoidable.

My sincerest thanks to you for staying with me through this.

Sincerely,

J. Raymond Glover
